

## **Fitness Equipment Technician**

We are a local business looking to expand our full-time staff. We are seeking an honest, hard-working person to help us grow our business. Although previous experience with fitness equipment is a plus, we are willing to train the right person. We are looking for someone who has a mechanical background, or at least a “knack” for the trade. Experience with hand tools is a definite plus, as well as a willingness to learn. At Ace Fitness Services, our number one focus is customer service. Our customers are very important to us, and we need someone who will represent our company with this in mind.

The ideal candidate will be a self-starter and quick learner who is honest and responsible. Reliability is imperative, as well as the ability to consistently deliver excellent customer service both on the phone and in person. The person will also be mechanically inclined and detail-oriented and have a logical approach to mechanical and electrical troubleshooting.

### **Job Summary**

The position entails providing excellent customer service while performing preventative maintenance, diagnostic services, and repairs on all types of fitness equipment. These services will be completed in both residential and commercial environments; customer’s homes as well as fitness facilities.

### **Qualifications**

- Excellent customer service skills and the ability to effectively communicate with customers, vendors and equipment companies
- Knowledge of the standard tools and practices of the mechanical and electrical trades
- Knowledge of basic computer functions
- Ability to safely perform skilled work in a variety of conditions and locations
- Ability to work independently
- Ability to understand and give oral and written instructions
- Ability to keep accurate records and submit required paperwork in a timely manner
- Must have abundant experience working with hand tools
- Must have or be willing to purchase an assortment of basic hand tools
- Must have a cell phone (smartphone)
- Must be able to pass background and driving record checks
- High School Diploma or Equivalent required
- Trade School/Mechanical or Electrical Training a Plus

### **Physical Demands**

The work sometimes requires lifting/moving of heavy equipment, and there will be occasions where you will need physical strength, and the ability to move and manipulate awkward, heavy equipment by yourself.

### **Compensation**

Compensation is based on experience and will increase with training and the ability to work independently. Position includes paid vacation time. We are closed for all major Holidays. Normal working hours are Monday-Friday 7-5.
